Storage shelves

- | Optimal storage and flexible expansion
- | Clear and space saving storage
- | With ISO modular trays for medicines, vials, and small parts
- | With pull-out shelves and drawers
- | With shelves for bulk goods

Workstations

- | Storage and preparation
- | Optimal use of space and time
- | Adaptable to any environment
- | Preparation of medicines
- | Scanning of products
- | Documentation

Mobile units

- | Transport of ISO modular trays and H+H exchange trays
- | Sturdy swivel casters
- | Comfortable handle
- | Robust and jointless worktops
- | Combinations of trays, shelves, and drawers

H+H FlexShelf MHD

The mobile high density storage system

- | Lightweight construction – stable aluminum
- | Pass-through feature – workflow from both sides
- | Add on to existing FlexShelf or individual solution
- | Only 1 aisle necessary for many shelves
- | All mechanical – no need for electricity
- | No floor fixation

Maximum flexibility and great space savings – fully accessible without floor rail

Modular tray system in ISO

- | Standardized ISO system 23 5/8" x 15 3/4"
(600 x 400 mm)
- | Patented flexible divider system
- | Perfect overview
- | Transparent and gray modular trays
- | Different heights
- | Save up to 30% space

The H+H SYSTEM
modular tray system –
a flexible innovation on the
ISO modular tray market

H+H FLEXMODUL®

- Tray and basket in one - the perfect fusion to gain the advantages of both
- Unique solution for the storage of medicines and consumer goods

Dividers for ISO modular trays

- ISO dividers: adjustable every 1 or 2 cm, strong hold thanks to the ClipOn effect (fixed connection of modular tray / basket / tray and dividers)
- All space is utilized effectively
- Integrated label holders for space saving labeling
- Sliding dividers - continuously adjustable, so the divider can be pushed directly up to the product

Space savings of up to 30% thanks to the dividers of H+H SYSTEM

With ISO dividers

With H+H sliding dividers
